Sir:

This responds to the Restriction and Election of Species Requirement, dated September 7, 2006. In response to the Restriction Requirement, Applicant elects Group 1, claims 1-8, and 14 for examination. This election is made without traverse.

This responds to the Election of Species Requirement, dated September 7, 2006. The Examiner has identified the application as containing claims directed to more than one distinct species. The Examiner has required the Applicant to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted. The Examiner believes there are no generic claims. Applicant has been advised that a response to this requirement shall include an identification of the species that is elected and a listing of all claims readable thereon.

In response to the Examiner's requirement, Applicant elects Group 1, Claims 1-8 and 14 for examination on which claims 1-8, and 14 are readable on the elected species.
